2007 has been a good year for us in Cambodia. There is still a lot of work ahead for the body of Christ, but we are excited as the Kingdom of God moves forward, lives, families and communities are transformed and hopeless people come into a living hope.

Your and our prayer are being answered. I want to let you know that your partnership with us here is changing lives, and your seed planted, whether they are prayers, finances, gifts, time or efforts, are bearing much fruit here, especially the marriage ministry that we are ministering. This year we

have seen hundreds couple and young people changed. The exciting thing is that, this year my wife have decided to quite her job coming into the ministry full time with me. We have been traveling to the differences province to preach the gospel of the Lord Jesus Christ and conducted the marriage seminar and teaching the young people how to live in the holy life and to have

good relationship with one another.

This year we have conducted marriage seminar with 8 churches in 4provinces ( Kandal, Takao, Kom Pong Thom and Kom Pong Spue province) with 200couples and 400 youths. We also have 2bible study groups with 6couples in Phnom Penh. In this group, we study what the bible say about the family and marriage. We are

committed to one another, to care for one another and to help one another, And each of them are trained to start another group and help caring for the church family to have a happiness family and to be a disciple of Jesus. Below is just one of the numerous testimonies of what God has done this year through this bible study group. This is from a young couple named Sopheak and Kimhoung, (Sopheak is one of church planters of New Life Fellowship).

“ My name is Sopheak, I am a church planter of New Life Fellowship and my wife is Kimhoung, working as a nurse in the hope center of Sihanuk hospital. We have been married for two years, my wife is seven months pregnant.

Before I married, I think that marriage life is very wonderful, in fact it's true. Marriage life is very wonderful. but in my two – year - marriage I have been through a lot of difficulties. Both of us are Christians, we love God, we are faithful to attend the church every Sunday. But we still have a lot of problem in our marriage sometimes we almost divorce. Then I recognized that, just attend the church is not enough. Praise God we are invited to join the marriage group with brother Samnang and sister Samdy. Through this group we are really blessed, we can know others families and all of us have very good relationship as brothers and sisters. We can share our problem and difficulties to one another freely, so that we can pray for one another and helping each other as well. Now I know that

this is the true family in the Lord Jesus Christ, my family is changed, both of us can receive the true love from each other, we can be patience with each other, and I can experience the true love from God and from all these family as well. I thank God very much for brother Samnang and his wife that leading , guiding us to follow God's way and know the priority in this life ( God – family – the ministry). When we face the problem, we have brothers and sisters in our group to help us, especially brother Samnang and his wife, they are our parents of faith and brother and sister as well. Through our group we want to see others family come to the Lord and become to the disciple of Jesus. I commit myself and my family to God and I will try on best to serve Him and helping in take care of God's people. God bless you".
